

InfoTV – TV Portal

The TV portal and its content can be edited on the infotv.ixanon.se site. The portal itself is in HD. This means that the TV portal is 1280 x 720 pixels in width and height.

It is important that the size of the uploaded images matches the design.

So for example in the design below the image should be no larger than 780 pixels wide.

Create TV Menu

Tilte: The title of the menu.

Language: Select a language for the menu.

Create TV Page

Tilte: The title of the page.

TV Menu: Select a TV menu where the page will appear.

OK Link: What will happen when you press ok? This determines that. Select do_nothing if you want a regular TV page.

OK Link Parameter: This is for administrators. Ignore this.

Text: The text that will appear on the TV page.

Image: If you want an image on the page select one here. It is important that the image is the right size: 780 pixels is the max in width.

Image Layout: Float the image left, right or center it. Full does not work at the moment.

Product ID, Price and Currency: This is for selling products.

Weight: Ignore this.

Organize

Here you find all your TV Portal content and can edit it. Click on TV Menu to see all the pages of it. You can also rearrange the order of the pages by drag and drop on the cross symbol.
